This device supports Bluetooth audio streaming.
To connect your device:
1. Turn on Bluetooth on your source device.
2. Press the **BLUETOOTH PAIR BUTTON** (M).
3. Find JBL EON ONE on your device and select.
4. The **BLUETOOTH LED** (K) will change from blinking to solid state.
5. Enjoy your audio!
1. Confirm the Power Switch (S) is in the OFF position.
2. Connect the supplied power cord to the Power Receptacle (H) on the rear of the speaker.
3. Connect the power cord to an available power outlet.
4. Flip on the Power Switch (S); the Power LED (I) and the Power LED on the front of the speaker will illuminate.

**PLUG IN THE INPUTS**

1. Turn the Channel Volume Controls (E) and Master Volume Control (L) all the way to the left before connecting any inputs.
2. Connect your device(s) via the input jacks provided and/or Bluetooth.
3. If CH1 or CH2 input is being used, select MIC or LINE via Mic/Line Button (F).

**SET OUTPUT LEVEL**

1. Set the level for the inputs using the Channel Volume Controls (E). A good starting point is to set the pot(s) at 12 o’clock.
2. Slowly turn the Master Volume Control (L) to the right until the desired volume is reached.
