

## JBL SS5-BK | Hand-Crank Extension Rod

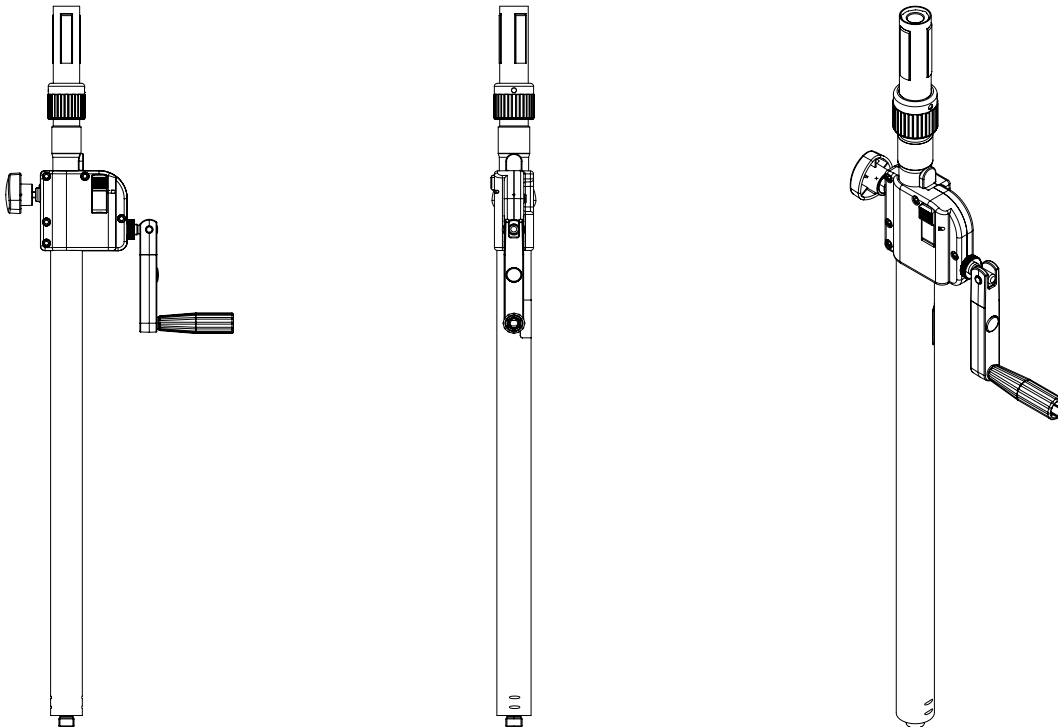

### Features:

- Hand crank height adjustment (36" to 59") with push button security feature and locking screw for additional safety
- Rated up to 75lbs (height dependent)
- M20 threaded bolt for secure attachment to companion subwoofer
- Patented, expanding Ring-Lock system provides stable, vibration-free connection to pole mount socket
- Fits all JBL EON, PRX, STX, and VTX Subwoofers

### Description:

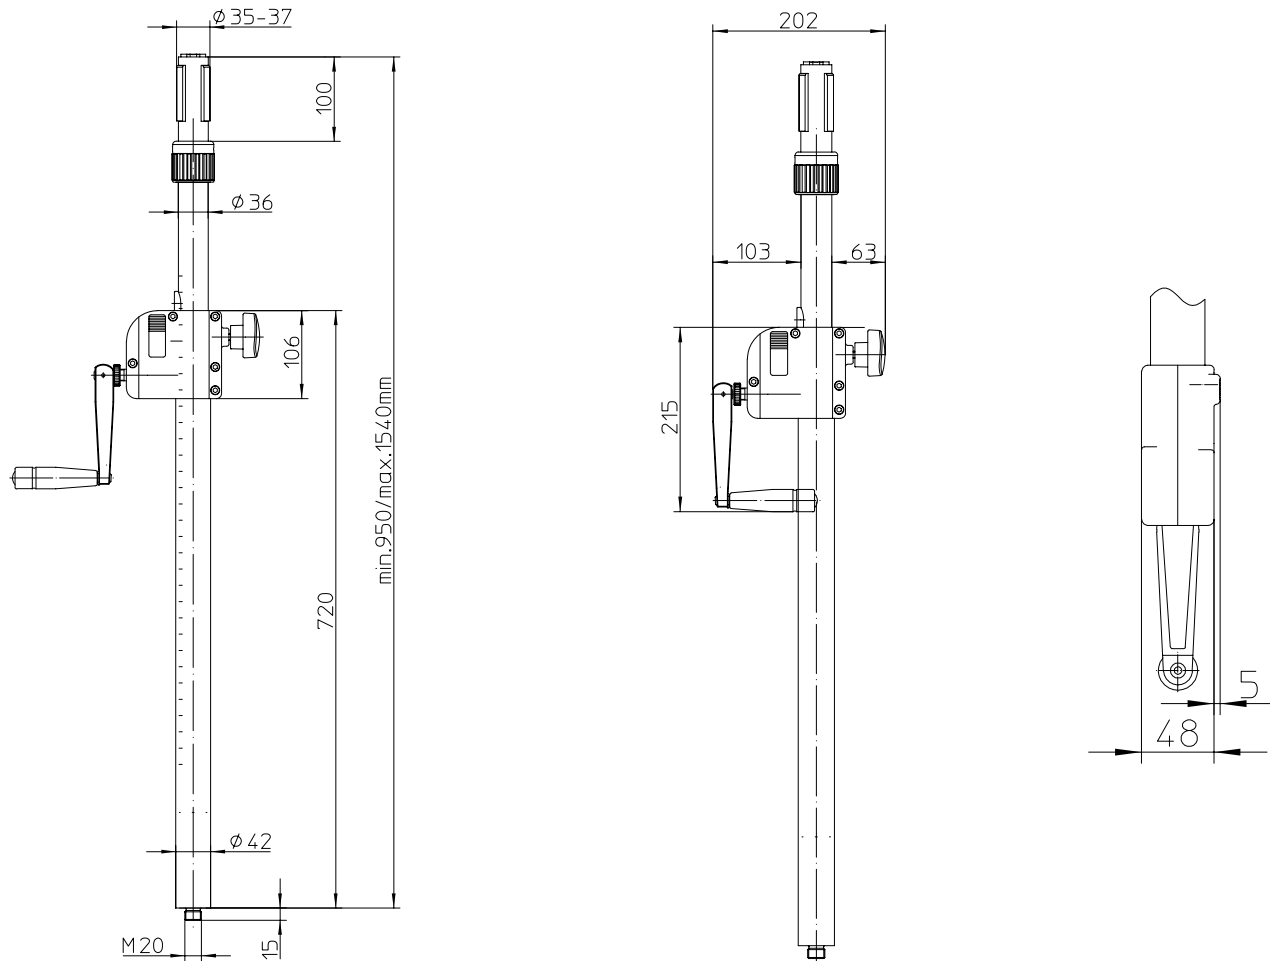

The SS5-BK is JBL's versatile hand-crank adjustable extension rod for ease of use and setup. For use with smaller line array setups or point-and-shoot loudspeakers, the SS5-BK allows users to lift loads up to 75 lbs efficiently and safely. The patented Ring Lock system has an adjustable diameter from 1.378 to 1.457", providing a wobble and vibration-free connection to the pole mount socket.

### Included:

- 1 x JBL SS5-BK
