

SAMPLE AUDIO DESIGN

# Small Restaurant

- High fidelity, full-range audio in a stylish, visually unobtrusive package to fit a wide variety of décor
- Surface mount, in-ceiling and pendant hung subwoofer and satellite options to suit your architectural finishes
- Satellites can be mixed and matched with subwoofers to provide consistent performance in inconsistent environments
- JBL CSMA 2120 mixer amplifier controls 2-zone, independently adjustable system
- 8 routable mic/line level analog audio inputs
- 120W x 2 output capable of Lo-Z (low impedance) or Hi-Z (70/100V) operation
- Remote volume adjustment with JBL CSR-V
