

# KP18S

18 Inch High-Power Passive Subwoofer

JBL KP Sub series subwoofer is especially designed for karaoke sound reproduction. Based on JBL legendary loudspeaker development technology, it can be integrated with the entire JBL KP Series family of full-range loudspeakers perfectly.

KP18S is a compact and high power subwoofer system, containing a JBL 18" high performance woofer in a back-loaded enclosure without front steel grille.

The loudspeaker enclosure is constructed from high quality multilayer birch plywood and are well braced internally. It utilizes a combination of 18mm and 25mm plywood with internal bracing, eliminating cabinet resonance at extreme sound pressure levels. The KP18S is finished in a high-quality, durable paint. The terminal cup designed at the bottom allows the installation with hidden cable.

# KP18S 18 Inch High-Power Passive Subwoofer

- ▶ 18" high-power and long-excursion cone driver for extended low-frequency reproduction
- ▶ Sophisticated acoustic cabinet design for high efficiency
